Message from the Workshop Chairs

3PGCIC 2011

Welcome to the 6th International Conference on P2P, Parallel, Grid, Cloud and Internet Computing (3PGCIC-2011) and workshops, which will be held from October 26 to October 28, 2011 at Technical University of Catalonia, Barcelona, Spain.

This year 7 workshops will be held together with 3PGCIC-2011. The objective of the workshops was to present research results, work on progress and thus complement as much as possible the main themes of 3PGCIC-2011 with specific topics of Grid, P2P, Cloud and Internet Computing. The workshops cover research on Simulation and Modelling of Emergent Computational Systems, Multimedia, Web and Virtual Reality Technologies, Streaming Media Delivery, Middleware of Large Scale Distributed Systems, Business Intelligence and Distributed Systems and Security. The workshops are as following:

1. Fourth International Workshop on Simulation and Modelling of Emergent Computational Systems (SMECS-2011)
5. Second International Workshop on Business Intelligence and Distributed Systems (BIDS-2011)
6. First International Workshop on Smart Environments for Disaster Management (SEDM-2011)
7. First International Workshop on Advances on Distributed and Parallel Computer Graphics and Artificial Intelligence (DCG-AI-2011)

We would like to thank all workshop organizers for their hard work in organizing these workshops and selecting high quality papers for presentation at workshops, the interesting programs and for the arrangements of the workshop during the conference days.

We hope you will enjoy the conference and have a great time in Barcelona.

3PGCIC-2011 Workshops Chair
