Message from the SMDMS 2015 Workshop Organizers

It is my great pleasure to welcome you to the 2015 International Workshop on Streaming Media Delivery and Management Systems (SMDMS 2015). We hold this first workshop in conjunction with the 9th International Conference on P2P, Parallel, Grid, Cloud and Internet Computing (3PGCIC 2015), at Pedagogical University of Cracow from November 4 to 6, 2015.

The tremendous advances in communication and computing technologies have created large academic and industry fields for streaming media. Streaming media have an interesting feature that the data stream continuously. They include many types of data like sensor data, video/audio data, stock data, and so on. It is obvious that with the accelerating trends towards streaming media, information and communication techniques will play an important role in future network. In order to accelerate this trend, further progresses of the researches on streaming media delivery and management systems are necessary. The aim of this workshop is to bring together practitioners and researchers from both academia and industry in order to have a forum for discussion and technical presentations on the current researches and future research directions related to this hot research area.

SMDMS 2015 contains high quality research papers. We selected five papers to be presented during the conference, which are divided in some sessions. I hope you find these sessions interesting, useful and enjoyable.

Many people contributed to the success of SMDMS 2015 organization. I would like to express my gratitude to the authors of the submitted papers for their excellent papers. I am very thankful to the program committee members who devoted their time for preparing and supporting the workshop. Without their help, this workshop would never be successful. A list of all of them is given in the program as well as the workshop website. I would like to also thank to 3PGCIC 2015 organizing committee members for their tremendous support for organizing.

Finally, I wish to thank all SMDMS 2015 attendees for supporting this workshop. I hope that you have a memorable experience you will never forget.

Tomoki Yoshihisa, Osaka University, Japan  
SMDMS 2015 Workshop Chair
