
The INVITE 2006 is the second international workshop and serve as a forum for the exchange of information and ideas regarding with not only Network-based Virtual Reality and Tele-existence, but also 2/3D Computer Graphics Presentation and Representation and Computer Animation. This year, there were a number of papers submitted from several countries. Finally, excellent ten papers were selected as INVITE workshop papers. We hope that all participants of this workshop can share ideas and research work in the emerging areas of Network-based Virtual Reality and Tele-existence.

Many people have kindly helped us prepare and organize the INVITE workshop. First of all, we would like to thank the AINA 2006 organization committee for their support, guidance, and help for making the workshop. We would like to express our special thank to Tomoyuki Ishida and other Shibata Laboratory members for their hard and timely work to the program committee and maintain the web systems for distributing information.

Finally, we would like to give our special thank to Senior Researcher, Yuji Ohashi and other staffs of NiCT Iwate IT Open Laboratory to support and promote INVITE 2006.
