Message from IEEE AINA 2016 General Co-Chairs

It is our great pleasure to welcome you all at the 30th IEEE International Conference on Advanced Information Networking and Applications (IEEE AINA 2016), which will be held at Le Regent Congress Centre, Crans-Montana, Switzerland from March 23 to March 25, 2016.

IEEE AINA International Conference is a forum for sharing ideas and research work in the emerging areas of information networking and their applications. The area of advanced networking has grown very rapidly and the applications around it have experienced an explosive growth especially in the area of pervasive and mobile applications, sensor networks, ad-hoc networks, vehicular networks, multimedia computing and social networking, semantic collaborative systems, as well as Grid, P2P, IoT, Fog and Cloud Computing. This advanced networking revolution is transforming the way people live, work, and interact with each other, and is impacting the way business, education, entertainment, and health care are operating. The papers included in the proceedings covers theory, design and application of computer networks, distributed computing and information systems.

Each year AINA has received high submission from all around the world, and maintained high quality accepted papers as it aspires to be one of the main international conferences on the Information Networking in the world. In conjunction with the IEEE AINA 2016 conference, there are 20 workshops, which also accepted high quality papers.

An international conference of this size requires the support and help of many people. A lot of people have helped and worked hard to produce a successful IEEE AINA 2016 technical program and conference proceedings. First, we would like to thank all authors for submitting their papers, the session chairs and distinguished keynote speakers. We are indebted to Program Area Chairs, Program Committee Members and reviewers, who carried out the most difficult work of carefully evaluating the submitted papers.

We would like to give our special thanks to Prof. Makoto Takizawa and Prof. Leonard Barolli, Co-Chairs of the Steering Committee for their strong encouragement, guidance and insights, and for spending a lot of energy for conference organization and shaping the conference program. We would like to thank Dominique Genoud, HES-SO, Switzerland, Tomoya Enokido, Rissho University, Japan and Kin Fun Li, University of Victoria, Canada as PC Co-Chairs of IEEE AINA 2016. We would like to give our thanks also to Workshops Co-Chairs Yann Bocchi, HES-SO, Switzerland, Elis Kulla, Okayama University of Science, Japan and Eric Pardede, La Trobe University, Australia.

Our special thanks go to Makoto Ikeda as Finance Chair of IEEE AINA 2016 and Mr. Tetsuya Oda and Mr. Shinji Sakamoto as Web administrators.

Finally, we would like to thank the Local Arrangement Team of HES-SO University and Le Regent Congress Centre for their support and good local arrangement for the conference.

We do hope that you will have a great time in Crans-Montana, Switzerland.

IEEE AINA 2016 General Co-Chairs

Antonio Jara, HES-SO, Switzerland
Hui-Huang Hsu, Tamkang University, Taiwan
Markus Aleksy, ABB AG, Germany
