Message from the PAEWN 2008 Chairs

This workshop is intended to provide an international forum for scientists, engineers, practitioners, network and mobile users to share and exchange their experiences, discuss challenges, present original ideas, and report state-of-the-art and in-progress research results on all aspects of performance evaluation of wireless networks and mobile computing systems.

This international workshop attracted research papers on the above research issues from various countries across the world. Papers collected in this international workshop were rigorously reviewed by the scientific programme committee members and invited reviewers. According to the reviewing results, Ten papers have been selected for publication.

Many people have kindly helped us to prepare and organize the PAEWN'08 workshop. First of all, we would like to thank the AINA-2008 organization committee for their support, guidance, and help for making the workshop a successful event. In addition, we would like to give our special thanks to the local organizers. We would also like to take this opportunity to thank all the members of the programme committee for their support and timely response. Finally, we would also like to thank all the authors for selecting PAEWN workshop to submit their contribution.

Workshop Co-chairs
Geyong Min and Irfan Awan, University of Bradford, UK

Programme Chair
Qiang Ni, Brunel University, UK
