Session Topics and Session Organizers

Hyperspectral Imaging Applications
  Harvey Rhody, Rochester Institute of Technology

Hyperspectral Imagery Modeling
  John Schott, Rochester Institute of Technology

Spectral Methods Employed in Astronomy
  John Evans, George Mason University

Spectral Sensing Industrial Applications
  Don Malkoff, Boeing

Spectral Sensors
  John Irvine, Science Applications International Corporation

Hyperion Instruments
  Carlos Maraviglia, Naval Research Laboratory

Spectral Sensing Medical Applications
  Murray Loew, George Washington University

Law Enforcement and Intelligence Applications of Spectral Sensing
  Bill Oliver, The Armed Forces Institute of Pathology

Analysis of Spectral Data
  Bob Meyer, BAE Systems

Near-Field Spectroscopy
  Elmer Williams, Naval Research Laboratory

Compression of Spectral Data
  Bob Bonneau, Air Force Research Laboratory
