Message from the Conference Chairs

APCIP 2009

2009 Asia-Pacific Conference on Information Processing will be held on July 18-19, 2009 in Shenzhen, China. We are delighted to invite you to participate in 2009 Asia-Pacific Conference on Information Processing (APCIP 2009) in Shenzhen, China, July 18-19, 2009. APCIP 2009 provides an inter-disciplinary forum for scientific researchers, academicians, engineers, university faculties, staffs and students working in the areas of Information Processing, Image Processing, Digital Signal Processing, Knowledge Discovery and Data Mining, Networking and Security aspects in Computers and Communications. The main goal of the Conference is to bring together scientists and engineers who work on Information Processing, Communications and Networks and Security aspects.

Welcome to APCIP 2009 Conference. Welcome to Shenzhen, China, July, 2009. 2009 Asia-Pacific Conference on Information Processing is co-sponsored by Intelligent Information Technology Application Research Association, Hong Kong, Shenzhen University, China and International Journal of Intelligent Information Technology Application. Much work went into preparing a program of high quality. We received about 751 submissions. Every paper was reviewed by 3 program committee members, about 285 were selected as regular papers for APCIP 2009, representing 38% acceptance rate for regular papers.

The purpose of APCIP 2009 is to bring together researchers and practitioners from academia, industry, and government to exchange their research ideas and results and to discuss the state of the art in the areas of the conference. In addition, the participants of the conference will have a chance to hear from renowned keynote speakers Prof. Chin-Chen Chang, an IEEE Fellow, National Chung Hsing University.

We thank Miss Silvia Ceballos, the production supervisor of IEEE Computer Society Press, USA, who enthusiastically support our Conference. Thanks also go to Mr. Patrick Kellenberger for his wonderful editorial service to this proceeding. We would also like to thank the program chairs, organization staff, and the members of the program committees for their hard work. Special thanks go to IEEE Computer Society.

We hope that APCIP 2009 will be successful and enjoyable to all participants. We look forward to seeing all of you next year at the APCIP 2010.

Qi Luo, Wuhan Institute of Technology, China
